

The Primary PE and sport premium

Planning, reporting and evaluating website tool

Updated September 2023

Commissioned by

Department for Education

Created by

This template can be used for multiple purposes:

 It enables schools to effectively plan their use of the Primary PE and sport premium

 It helps schools to meet the requirements (as set out in guidance) to publish information on their Primary PE and sport premium

 It will be an effective document to support Ofsted inspections enabling schools to evidence progress in Physical Education (PE) and evidence swimming attainment, which forms part of the PE National Curriculum. We would recommend schools consider the Intent, Implementation and Impact of any spend, as examined within the Education Inspection Framework.

It is important that your grant is used effectively and based on school need.

Schools must use the funding to make additional and sustainable improvements to the quality of the PE, School Sport and Physical Activity (PESSPA) they offer. This means that you should use

they offer. This means that you should use the Primary PE and sport premium to:

- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- Develop or add to the PESSPA activities that your school already offers.

The Primary PE and sport premium should not be used to fund capital spend projects; the school's core budget should fund these. Further detail on capital expenditure can be found in the updated Primary PE and sport premium guidance.

necessary that spending has to meet all the key priorities, you should select the priorities that you aim to use any funding towards.

Although completing this template is not a requirement for schools, schools are required to publish details of how they spend this funding. Schools must also outline what the impact this funding has had on pupils' PE and sport participation and attainment and how any spending will be sustainable in the future. All funding must be spent by 31st July 2024.

The Department for Education has worked closely with the Association for Physical Education (afPE) and the Youth Sport Trust (YST) to develop this template and encourages schools to use it. This template is an effective way of meeting the reporting requirements of the Primary PE and sport premium.

Review of last year's spend and key achievements (2022/2023)

We recommend you start by reflecting on the impact of current provision and reviewing your previous spend.

Key achievements 2023-2024

This template will be completed at the end of the academic year and will showcase the key achievements schools have made with their Primary PE and sport premium spending.

Activity/Action	Impact	Comments
extremely successful this year. We qualified to County Finals in football, cricket, athletics,	This helps to foster a love of sport for the children at Hartford. They go to events well prepared, knowing the rules and skills needed to be successful a their own level. I feel this, above the winning, is very important to get children to continue on	
Final. The SEN area was a success. Children now have	their sporting journey later in life.	
	learn again.	morning. I can then come back in September and discuss this with our SENCO to see if it may be successful at Hartford.
Living Week.	success. They were planned by Mr. Cairns and the Y6 School Sport Organising Crew. The children love the weeks and the	Next year I would like to assess the impact on the children's eating and travel to school across more than just the week. They eat healthy snacks in these weeks but can we keep this going across the year.

Swimming Data

Meeting National Curriculum requirements for swimming and water safety.

Priority should always be given to ensuring that pupils can perform safe self-rescue even if they do not fully meet the first two requirements of the National Curriculum programme of study

Question	Stats:	Further context Relative to local challenges
What percentage of your current Year 6 cohort can swim competently, confidently and proficiently over a distance of at least 25 metres?	1%	All children completed a survey. Only 1 child in Y6 could not swim.
What percentage of your current Year 6 cohort can use a range of strokes effectively [for example, front crawl, backstroke, and breaststroke]?	1%	See above

What percentage of your current Year 6 cohort are able to perform safe self-rescue in different water-based situations?	Unsure	Our children do not perform safe self-rescue in their Y4 swimming lessons so we are unable to assess this question.
If your schools swimming data is below national expectation, you can choose to use the Primary PE and sport premium to provide additional top-up sessions for those pupils that did not meet National Curriculum requirements after the completion of core lessons. Have you done this?	N/A	
Have you provided CPD to improve the knowledge and confidence of staff to be able to teach swimming and water safety?	Yes	Lessons are taught by swimming pool staff plus a teaching assistant. She is a swimming teacher and has the correct level of training she needs. Mr. Cairns also went on a swim course to ensure that we have enough staff to teach swimming if any illness or absence occurs.
